

Independent Auditors' Examination Report on the Restated Statements of Assets and Liabilities as at September 30, 2024, March 31, 2024, March 31, 2023 and March 31, 2022, Restated Statements of Profits and Losses (including Other Comprehensive Income), Restated Statements of Changes in Equity, Restated Cash Flows Statement and for the period ended September 30, 2024 and for the years ended March 31, 2024, March 31, 2023 and March 31, 2022, The Summary of Material Accounting Policies and other explanatory Information of EAAA Pte. Limited (Formerly known as Edelweiss Alternative Asset Advisors Pte. Limited) (collectively, the "Restated Financial Information")

To
The Board of Directors
EAAA Pte. Limited (Formerly known as Edelweiss Alternative Asset Advisors Pte. Limited)
133 Cecil Street, Keck Seng Tower,
#13-03, Singapore 069535.

Dear Sirs,

1. We have examined the attached Restated Financial Information of EAAA Pte. Limited (Formerly known as Edelweiss Alternative Asset Advisors Pte. Limited) (the "Company") annexed to this report and prepared by the Company for the purpose of preparation of Restated Summary Financial Information of EAAA India Alternatives Limited (formerly known as Edelweiss Alternative Asset Advisors Limited) (the "Holding Company") in connection with the Holding Company's proposed Initial Public Offer of equity shares by way of offer for sale by the selling shareholders of the Holding Company ("IPO"). The Restated Financial Information, which have been approved by the Board of Directors of the Company at their meeting held on November 14, 2024, for the purpose of inclusion in the draft red hearing prospectus ("DRHP") of Holding Company, is prepared by the Company in accordance with the requirements of:
 - a) Section 26 of Part I of Chapter III of the Companies Act, 2013 (the "Act");
 - b) The Securities and Exchange Board of India (Issue of Capital and Disclosure Requirements) Regulations, 2018, as amended ("ICDR Regulations"); and
 - c) The Guidance Note on Reports in Company Prospectuses (Revised 2019) (as amended) issued by the Institute of Chartered Accountants of India ("ICAI"), (the "Guidance Note").

Management's Responsibility for the Restated Financial Information

2. The Management and Board of Directors of the Company is responsible for the preparation of the Restated Financial Information of the Company for the purpose of providing information to the Holding Company to enable them to prepare the Restated Summary Financial Information in connection with the proposed IPO. The Restated Financial Information have been prepared by the Management of the Company on the basis of preparation stated in Note 2 of Annexure V to the Restated Financial Information. The Board of Directors of the Company's responsibility includes designing, implementing and maintaining adequate internal control relevant to the preparation and presentation of the Restated Financial Information. The Board of Directors of the Company is also responsible for identifying and ensuring that the Company complies with Act, ICDR Regulations and the Guidance Note.

Auditors' Responsibilities

3. We have examined such Restated Financial Information taking into consideration:
 - a) the terms of reference and terms of our engagement agreed upon with you vide our engagement letter dated August 8, 2024, requesting us to carry out the assignment, in connection with the proposed listing of the Holding Company;
 - b) the Guidance Note on Reports in Company Prospectuses (Revised 2019) issued by Institute of Chartered Accountants of India ("ICAI"), as amended from time to time (the "Guidance Note"). The Guidance Note also requires that we comply with ethical requirements of the Code of Ethics Issued by ICAI;

B - 46, 3rd Floor, Pravasi Estate, V. N. Road, Goregaon (E), Mumbai - 400 063.

Tel. : +91. 22. 49084401 | Email: info@ngsco.in

www.ngsco.in

- c) concepts of test checks and materiality to obtain reasonable assurance based on the verification of evidence supporting the Restated Financial Information; and
- d) The requirements of section 26 of the Act and the ICDR Regulations. Our work was performed solely to assist you in meeting your responsibilities in relation to your compliance with the Act, the ICDR Regulations and the Guidance Note in connection with the IPO.

Restated Financial Information

- 4. These Restated Financial Information have been compiled by the management of the Company for the purpose of preparation of Restated Summary Financial Information of the Holding Company in connection its proposed IPO, from:
 - a) Audited Special Purpose Interim Financial Statements of the Company as at and for the period ended September 30, 2024 prepared in accordance with the Indian Accounting Standard (Ind AS) 34 “ Interim Financial Reporting”, specified under Section 133 of the Act and other accounting principles generally accepted in India, (the “Special Purpose Interim Financial Statements”) which have been approved by the Board of Directors at their meeting held on November 14, 2024.
 - b) Audited Financial Statements of the Company as at and for the year ended March 31, 2024, March 31, 2023 and March 31, 2022 which were prepared in accordance with the Indian Accounting Standard (referred to as “Ind AS”) as prescribed under Section 133 of the Act read with Companies (Indian Accounting Standards) Rules 2015, as amended and other accounting principles generally accepted in India, which were approved by the Board of Directors at their meeting held on May 03, 2024, May 10, 2023 and April 29, 2022, respectively.

Auditors Report

- 5. For the purpose of our examination, we have relied on:
 - a) Auditors' Report issued by us dated November 14, 2024 on the Special Purpose Interim Financial Statements of the Company as at and for the period ended September 30, 2024 as referred in Paragraph 4 (a) above;

The Auditors' Report on the Special Purpose Interim Financial Statements of the Company as at and for the period ended September 30, 2024 included the following Emphasis of Matter paragraph:

Emphasis of Matter

We draw attention to Note 2 to the Special Purpose Interim Financial Statements, which describe the basis of accounting. The Special Purpose Interim Financial Statements have been prepared by the Company for the purpose of preparation of the Restated Financial Statements of the Company and for the purpose of preparation of Special Purpose Consolidated Financial Statements of the EAAA India Alternatives Limited (formerly known as Edelweiss Alternative Asset Advisors Limited) (‘Immediate Holding Company’ or ‘EAAAL’).

Our opinion on the Special Purpose Interim Financial Statements is not modified in respect of these matters.

- b) Auditors' Report issued by us dated May 03, 2024 on the Audited Financial Statements of the Company as at and for the year ended March 31, 2024 as referred in Paragraph 4 (b) above;
- c) Auditors' Report issued by us dated May 10, 2023 on the Audited Financial Statements of the Company as at and for the year ended March 31, 2023 as referred in Paragraph 4 (b) above;

- d) Auditors' Report issued by us dated April 29, 2022 on the Audited Financial Statements of the Company as at and for the year ended March 31, 2022 as referred in Paragraph 4 (b) above; and
6. Taking into consideration the requirements of Section 26 of Part I of Chapter III of the Act, the Regulations and the terms of our engagement agreed with you, we further report that:
- a) Restated Financial Information of the Company as at and for the period ended September 30, 2024 and each of the years ended March 31, 2024, March 31, 2023 and March 31, 2022 have been examined by us, as set out in Annexure I to Annexure IV to this report. These Restated Financial Information have been prepared after regrouping, which is more fully described in material accounting policies and notes (Refer Annexure V);
- b) Based on our examination as above:
- i) the Restated Financial Information have to be read in conjunction with the notes given in Annexure V; and
- ii) the figures of earlier period have been regrouped (but not restated retrospectively for changes in accounting policies or audit qualification reported), wherever necessary, to conform to the classification adopted for the Restated Financial Information as at and for the period ended September 30, 2024.

Opinion

7. Based on our examination and according to the information and explanations given to us and other financial information certified by the Management read with our responsibility referred to in paragraph 3, along with paragraph 4 to paragraph 5, in our opinion, we report that the Restated Financial Information:
- i. have been prepared after incorporating adjustments for the changes in accounting policies, material errors and regrouping/reclassifications retrospectively in the financial years ended March 31, 2024, March 31, 2023 and March 31, 2022 to reflect the same accounting treatment as per the accounting policies and grouping/classifications followed as at and for the period ended September 30, 2024, as more fully described in Annexure VI to the Restated Financial Information;
- ii. does not contain any qualifications requiring adjustments; and
- iii. have been prepared in accordance with the Act, the ICDR Regulations and the Guidance Note.

Other matter

8. We have not audited any financial statements of the Company as of any date or for any period subsequent to September 30, 2024. Accordingly, we express no opinion on the financial position, profit and loss (including other comprehensive income) or cash flows of the Company as of any date or for any period subsequent to September 30, 2024.
9. This report should not in any way be construed as a reissuance or re-dating of any of the previous audit reports issued by us, nor should this report be construed as a new opinion on any of the financial statements referred to herein.
10. The Restated Financial Information do not reflect the effects of events that occurred subsequent to the respective dates of the reports on the audited financial statements mentioned in Paragraph 4 above.
11. This report should not in any way be construed as a reissuance or re-dating of any of the previous audit reports issued by us or the Previous Auditors, nor should this report be construed as a new opinion on any of the financial statements referred to herein.

12. We have no responsibility to update our report for events and circumstances occurring after the date of the report.
13. This report is addressed to the Board of Directors of the Company and is intended solely for use of the Company, management of the Holding Company and Nangia & Co. LLP, the current statutory auditors of the Holding Company and should not be otherwise used or shown to or distributed to any other party or used for any other purpose except with our prior consent in writing. Accordingly, we do not accept or assume any liability or any duty of care for any other purpose or to any other person to whom this report is shown or into whose hands it may come without our prior consent in writing.

Nature and Purpose of Reserves

(a) Foreign exchange translation reserve
The functional currency of the Company is Singapore Dollars. These financial statements are prepared and presented in INR, which is the functional currency of the Ultimate Parent Entity, for the purposes of consolidation. Foreign Exchange Translation reserve represents the exchange difference arising on conversion of financial statements from functional currency to the presentation

(b) Share Option Reserve

The share option reserve comprises the cumulative value of employee service received for the issue of options under the share plans of the ultimate holding company.

The above statement should be read with Annexure V - Material Accounting Policies to Restated Summary Financial Statements, Annexure VI - Statement of Material Adjustments and Regroupings and, Annexure VII - Notes to the Restated Financial Statements

1. Corporate information

EAAA Pte. Limited (Formerly Edelweiss Alternative Asset Advisors Pte. Limited) (the “Company”) is a company incorporated in the Republic of Singapore. The Company’s registered office address is 9, Raffles place #27-00 Republic Plaza, Singapore (048619).

The Company has been granted Capital Market Service license by the Monetary Authority of Singapore under the Securities and Futures Act to conduct fund management activities and is also an Exempt Financial Advisor. The Company has also been registered by the Securities and Exchange Board of India (“SEBI”) as a Foreign Institution Investor under the category of Investment Manager/Advisor under SEBI (Foreign Institution Investors) Regulations, 1995 as amended.

The immediate holding company is EAAA India Alternatives Limited (formerly Edelweiss Alternative Asset Advisors Limited) and ultimate holding company is Edelweiss Financial Services Limited, both are incorporated in India.

2. Basis of preparation of financial statements and Functional Currency

The Restated Financial Information comprise the Restated Statement of Asset and Liabilities as at 30 September 2024, 31 March 2024, 31 March 2023 and 31 March 2022, Restated Statement of Profit and Loss (including other comprehensive income), Restated Statement of Cash Flows and Restated Statement of Changes in Equity for the period/years ended 30 September 2024, 31 March 2024, 31 March 2023 and 31 March 2022 and Significant Accounting Policies and Other Explanatory Notes to Restated Financial Information (hereinafter referred to as ‘Restated Financial Information’).

These Restated Financial Information have been prepared by the management as required under the Securities and Exchange Board of India (Issue of Capital and Disclosure Requirements) Regulations, 2018, as amended (“ICDR Regulations”) issued by the Securities and Exchange Board of India (‘SEBI’), in pursuance of the Securities and Exchange Board of India Act, 1992, for the purpose of inclusion in the Draft Red Herring Prospectus (“DRHP”) in connection with the proposed initial public offering of equity shares of face value of INR 10 each of the Holding Company comprising a fresh issue of equity shares and an offer for sale of equity shares held by the selling shareholders (the “Offer”), prepared by the Company in terms of the requirements of:

- a. Section 26 of Part I of Chapter III of the Companies Act, 2013 (“the Act”);
- b. The Securities and Exchange Board of India (Issue of Capital and Disclosure Requirements) Regulations, 2018 as amended;

EAAA Pte. Limited
(Formerly Edelweiss Alternative Asset Advisors Pte. Limited)

(Currency: Indian Rupees)

c. The Guidance Note on Reports in Company Prospectuses (Revised 2019) issued by the Institute of Chartered Accountants of India (ICAI) (the “Guidance Note”)

The Restated Financial Information of the Group have been prepared to comply in all material respects with the Indian Accounting Standards (“Ind AS”) as prescribed under Section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015 (as amended from time to time), presentation requirements of Division II of Schedule III to the Companies Act, 2013, as applicable to the Financial Statements and other relevant provisions of the Act.

The Restated Financial Statements has been compiled from:

Special Purpose Standalone Interim Financial Statements of the Company as at and for the period ended September 30, 2024 and audited Special Purpose Division II Financial Statements of the Company as at and for the year ended March 31, 2024 and March 31, 2023 and Audited Special Purpose Financial Statements (Division III of Schedule III of the Companies Act, 2013) of the Company as at and for the year ended March 31, 2022 which were prepared in accordance with the Indian Accounting Standard (referred to as “Ind AS”) as prescribed under Section 133 of the Act read with Companies (Indian Accounting Standards) Rules 2015, as amended and other accounting principles generally accepted in India, which have been approved by the Board of Directors at their meeting held on May 03, 2024, May 10, 2023 and April 29, 2022 respectively.

These Financial statements have been prepared on a historical cost basis, except for certain financial instruments such as financial asset and liabilities measured at fair value through profit and loss (FVTPL) instruments which have been measured at fair value.

The Company being a foreign company prepared its financial statements in Singapore Dollar (SGD) which is its Functional currency. However for consolidation purpose, the company presents these financial statements in Indian Rupee (INR), which is the functional currency of the ultimate holding company and all values are rounded to the nearest lakh, except when otherwise indicated.

The assets and liabilities are translated into INR at the spot rate of exchange prevailing at the reporting date and their statement of profit and loss are translated at daily exchange rate prevailing during the year. The exchange differences arising on translation are recognised in OCI and accumulated as a separate component of other equity.

3. Presentation of financial statements

The Company presents its balance sheet in compliance with the Division II of the Schedule III to the Companies Act, 2013.

Financial assets and financial liabilities are generally reported gross in the balance sheet. They

EAAA Pte. Limited
(Formerly Edelweiss Alternative Asset Advisors Pte. Limited)

Annexure V – Material Accounting Policies and Other Explanatory Notes to the
Restated Financial Statements (Continued)

(Currency: Indian Rupees)

All assets and liabilities are classified into current and non-current.

Assets

An asset is classified as current when it is expected to be realized in, or is intended for sale or consumption in, the company's normal operating cycle or it is held primarily for the purpose of being traded or it is expected to be realized within 12 months after the reporting date or it is cash or cash equivalent unless it is restricted from being exchanged or expected to be used to settle a liability for at least 12 months after the reporting date. Current assets include the current portion of non-current assets. All other assets are classified as non-current.

Liabilities

A liability is classified as current when it is expected to be settled in the company's normal operating cycle or it is held primarily for the purpose of being traded or it is due to be settled within 12 months after the reporting date or the company does not have an unconditional right to defer settlement of the liability for at least 12 months after the reporting date. Terms of the liability that could, at the option of the counterparty, result in its settlement by the issue of equity instruments do not affect its classification. Current liabilities include current portion of non-current liabilities. All other liabilities are classified as non-current.

4. Material accounting policies

4.1 Recognition of Interest

Under Ind AS 109 interest income is recorded using the effective interest rate (EIR) method for all financial instruments measured at amortised cost and debt instrument measured at FVOCI. The EIR is the rate that exactly discounts estimated future cash receipts through the expected life of the financial asset to the gross carrying amount of the financial asset.

The EIR (and therefore, the amortised cost of the financial asset) is calculated by taking into account any discount or premium on acquisition, fees and costs that are an integral part of the EIR. The Company recognises interest income using a rate of return that represents the best estimate of a constant rate of return over the expected life of the loan. Hence, it recognises the effect of potentially different interest rates charged at various stages, and other characteristics of the product life cycle (including prepayments, penalty interest and charges).

EAAA Pte. Limited
(Formerly Edelweiss Alternative Asset Advisors Pte. Limited)

Annexure V – Material Accounting Policies and Other Explanatory Notes to the Restated Financial Statements (Continued)

(Currency: Indian Rupees)

4.2 Financial Instruments

4.2.1 Date of recognition

Financial assets and financial liabilities, with the exception of borrowings are initially recognised on the trade date, i.e., the date that the Company becomes a party to the contractual provisions of the instrument. This includes regular way trades: purchases or sales of financial assets that require delivery of assets within the time frame generally established by regulation or convention in the market place. The Company recognises borrowings when funds are available for utilisation to the Company.

4.2.2 Initial measurement of financial instruments

Financial assets and financial liabilities are initially measured at fair value. Transaction costs that are directly attributable to the acquisition or issue of financial assets and financial liabilities (other than financial assets and financial liabilities at fair value through profit or loss) are added to or deducted from the fair value of the financial assets or financial liabilities, as appropriate, on initial recognition. Transaction costs directly attributable to the acquisition of financial assets or financial liabilities at fair value through profit or loss are recognised immediately in Statement of profit and loss.

4.2.3 Day 1 profit or loss

When the transaction price of the financial instrument differs from the fair value at origination and the fair value is based on a valuation technique using only inputs observable in market transactions, the Company recognises the difference between the transaction price and fair value in net gain on fair value changes. In those cases where fair value is based on models for which some of the inputs are not observable, the difference between the transaction price and the fair value is deferred and is only recognised in profit or loss when the inputs become observable, or when the instrument is derecognised.

4.3 Classification of financial instruments

4.3.1 Financial assets:

EAAA Pte. Limited
(Formerly Edelweiss Alternative Asset Advisors Pte. Limited)

Annexure V – Material Accounting Policies and Other Explanatory Notes to the Restated Financial Statements (Continued)

(Currency: Indian Rupees)

The Company classifies all of its financial assets based on the business model for managing the assets and the asset's contractual terms, measured at either:

- Amortised cost
- Fair value through other comprehensive income [FVOCI]
- Fair value through profit or loss [FVTPL]

The Company measures debt financial assets that meet the following conditions at amortised cost:

- the financial asset is held within a business model whose objective is to hold financial assets in order to collect contractual cash flows; and
- the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest (SPPI) on the principal amount outstanding.

Debt instruments that meet the following conditions are subsequently measured at fair value through other comprehensive income (except for debt instruments that are designated as at fair value through profit or loss on initial recognition):

- the financial asset is held within a business model whose objective is achieved both by collecting contractual cash flows and selling the financial assets; and
- the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

By default, all other financial assets are subsequently measured at FVTPL.

4.3.1.1 Amortized cost and Effective interest method

The effective interest method is a method of calculating the amortised cost of a debt instrument and of allocating interest income over the relevant period.

For financial instruments other than purchased or originated credit-impaired financial assets, the effective interest rate is the rate that exactly discounts estimated future cash receipts (including all fees and points paid or received that form an integral part of the effective interest rate, transaction costs and other premiums or discounts) excluding expected credit losses, through the expected life of the debt instrument, or, where appropriate, a shorter period, to the gross carrying amount of the debt instrument on initial recognition. For purchased or originated credit-impaired financial assets, a credit-adjusted effective interest rate is calculated by discounting the estimated future cash flows, including expected credit losses, to the amortised cost of the debt instrument on initial recognition.

EAAA Pte. Limited
(Formerly Edelweiss Alternative Asset Advisors Pte. Limited)

Annexure V – Material Accounting Policies and Other Explanatory Notes to the Restated Financial Statements (Continued)

(Currency: Indian Rupees)

The amortised cost of a financial asset is the amount at which the financial asset is measured at initial recognition minus the principal repayments, plus the cumulative amortisation using the effective interest method of any difference between that initial amount and the maturity amount, adjusted for any loss allowance. On the other hand, the gross carrying amount of a financial asset is the amortised cost of a financial asset before adjusting for any loss allowance.

4.3.2 Financial liabilities

All financial liabilities are measured at amortised cost.

4.3.2.1 Debt securities and other borrowed funds

After initial measurement, borrowed funds are subsequently measured at amortised cost. Amortised cost is calculated by taking into account any discount or premium on issue funds, and costs that are an integral part of the EIR.

4.3.2.2 Financial assets and Financial liabilities at fair value through profit or loss

Financial assets and financial liabilities in this category are those that are not held for trading and have been either designated by management upon initial recognition or are mandatorily required to be measured at fair value under Ind AS 109. Management only designates an instrument at FVTPL upon initial recognition when one of the following criteria are met. Such designation is determined on an instrument-by-instrument basis:

- The designation eliminates, or significantly reduces, the inconsistent treatment that would otherwise arise from measuring the assets or liabilities or recognising gains or losses on them on a different basis; Or
- The liabilities are part of a Company of financial liabilities, which are managed and their performance evaluated on a fair value basis, in accordance with a documented risk management or investment strategy; Or
- Financial assets and financial liabilities at FVTPL are recorded in the balance sheet at fair value. Changes in fair value are recorded in profit and loss with the exception of movements in fair value of liabilities designated at FVTPL due to changes in the Company's own credit risk. Such changes in fair value are recorded in the Own credit reserve through OCI and do not get recycled to the profit or loss. Interest earned or incurred on instruments designated at FVTPL is accrued in interest income or finance cost, respectively, using the EIR, taking into account any discount/ premium and qualifying transaction costs being an integral part of instrument. Interest earned on

EAAA Pte. Limited
(Formerly Edelweiss Alternative Asset Advisors Pte. Limited)

Annexure V – Material Accounting Policies and Other Explanatory Notes to the
Restated Financial Statements (Continued)

(Currency: Indian Rupees)

assets mandatorily required to be measured at FVTPL is recorded using contractual interest rate.

4.3.3 Financial liabilities and equity instruments

Financial instruments issued by the Company are classified as either financial liabilities or as equity in accordance with the substance of the contractual arrangements and the definitions of a financial liability and an equity instrument.

An equity instrument is any contract that evidences a residual interest in the assets of an entity after deducting all of its liabilities. Equity instruments issued by the Company are recognised at the proceeds received.

4.4 Reclassification of financial assets and financial liabilities

The Company does not reclassify its financial assets subsequent to their initial recognition, apart from the exceptional circumstances in which the Company acquires, disposes of, or terminates a business line. Financial liabilities are never reclassified.

4.5 Derecognition of financial assets and financial liabilities

4.5.1 Derecognition of financial assets due to substantial modification of terms and conditions

The Company derecognises a financial asset, such as a loan to a customer, when the terms and conditions have been renegotiated to the extent that, substantially, it becomes a new loan, with the difference recognised as a derecognition gain or loss, to the extent that an impairment loss has not already been recorded.

If the modification does not result in cash flows that are substantially different, the modification does not result in derecognition. Based on the change in cash flows discounted at the original EIR, the Company records a modification gain or loss, to the extent that an impairment loss has not already been recorded.

4.5.2 Derecognition of financial assets (other than due to substantial modification)

A financial asset (or, where applicable, a part of a financial asset or part of a Company of similar financial assets) is derecognised when the rights to receive cash flows from the financial asset have expired. The Company also derecognises the financial asset if it has both transferred the financial asset and the transfer qualifies for derecognition.

EAAA Pte. Limited
(Formerly Edelweiss Alternative Asset Advisors Pte. Limited)

Annexure V – Material Accounting Policies and Other Explanatory Notes to the
Restated Financial Statements (Continued)

(Currency: Indian Rupees)

A transfer only qualifies for derecognition if either:

- The Company has transferred substantially all the risks and rewards of the asset; or
- The Company has neither transferred nor retained substantially all the risks and rewards of the asset, but has transferred control of the asset

The Company considers control to be transferred if and only if, the transferee has the practical ability to sell the asset in its entirety to an unrelated third party and is able to exercise that ability unilaterally and without imposing additional restrictions on the transfer.

4.5.3 Derecognition of financial liabilities

A financial liability is derecognised when the obligation under the liability is discharged, cancelled or expires.

Where an existing financial liability is replaced by another from the same lender on substantially different terms, or the terms of an existing liability are substantially modified, such an exchange or modification is treated as a derecognition of the original liability and the recognition of a new liability. The difference between the carrying value of the original financial liability and the consideration paid, including modified contractual cash flow recognised as new financial liability, would be recognised in profit or loss.

4.6 Impairment of financial assets

The Company records allowance for expected credit losses for all loans, other debt financial assets not held at FVTPL, together with loan commitment, in this section all referred to as 'financial instruments. Equity instruments are not subject to impairment under Ind AS 109.

The Company follows 'simplified approach' for recognition of impairment loss allowance on trade receivables. The application of simplified approach does not require the Company to track changes in credit risk. Rather, it recognises impairment loss allowance based on lifetime ECLs at each reporting date, right from its initial recognition. The Company uses a provision matrix to determine impairment loss allowance on portfolio of its receivables. The provision matrix is based on its historically observed default rates over the expected life of the receivables and is adjusted for forward-looking estimates. However, if receivables contain a significant financing component, the Company chooses as its accounting policy to measure the loss allowance by applying general approach to measure expected credit losses.

EAAA Pte. Limited
(Formerly Edelweiss Alternative Asset Advisors Pte. Limited)

Annexure V – Material Accounting Policies and Other Explanatory Notes to the
Restated Financial Statements (Continued)

(Currency: Indian Rupees)

For all other financial instruments, the Company recognises lifetime ECL when there has been a significant increase in credit risk since initial recognition. If, on the other hand, the credit risk on the financial instrument has not increased significantly since initial recognition, the Company measures the loss allowance for that financial instrument at an amount equal to 12-month expected credit losses (12m ECL). The assessment of whether lifetime ECL should be recognised is based on significant increases in the likelihood or risk of a default occurring since initial recognition instead of on evidence of a financial asset being credit-impaired at the reporting date or an actual default occurring.

Lifetime ECL represents the expected credit losses that will result from all possible default events over the expected life of a financial instrument. In contrast, 12m ECL represents the portion of lifetime ECL that is expected to result from default events on a financial instrument that are possible within 12 months after the reporting date.

The measurement of expected credit losses is a function of the probability of default, loss given default (i.e. the magnitude of the loss if there is a default) and the exposure at default. The assessment of the probability of default and loss given default is based on historical data adjusted by forward-looking information. As for the exposure at default, for financial assets, this is represented by the assets' gross carrying amount at the reporting date; for loan commitments and financial guarantee contracts, the exposure includes the amount drawn down as at the reporting date, together with any additional amounts expected to be drawn down in the future by default date determined based on historical trend, the Company's understanding of the specific future financing needs of the debtors, and other relevant forward-looking information.

For financial assets, the expected credit loss is estimated as the difference between all contractual cash flows that are due to the Company in accordance with the contract and all the cash flows that the Company expects to receive, discounted at the original effective interest rate. The Company recognises an impairment gain or loss in profit or loss for all financial instruments with a corresponding adjustment to their carrying amount through a loss allowance account.

If a financial instrument includes both a loan (i.e. financial asset) and an undrawn commitment (i.e. loan commitment) component and the Company cannot separately identify the expected credit losses on the loan commitment component from those on the financial asset component, the expected credit losses on the loan commitment have been recognised together with the loss allowance for the financial asset. To the extent that the combined expected credit losses exceed

EAAA Pte. Limited
(Formerly Edelweiss Alternative Asset Advisors Pte. Limited)

Annexure V – Material Accounting Policies and Other Explanatory Notes to the
Restated Financial Statements (Continued)

(Currency: Indian Rupees)

the gross carrying amount of the financial asset, the expected credit losses have been recognised as a provision. Also, for other loan commitments and all financial guarantee contracts, the loss allowance has been recognised as a provision.

4.7 Write off

Financial assets are written off either partially or in their entirety only when the Company has no reasonable expectation of recovery.

4.8 Determination of fair value

The Company measures financial instruments, at fair value at each balance sheet date. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The fair value measurement is based on the presumption that the transaction to sell the asset or transfer the liability takes place either:

- In the principal market for the asset or liability, or
- In the absence of a principal market, in the most advantageous market for the asset or liability

The principal or the most advantageous market must be accessible by the Company.

The fair value of an asset or a liability is measured using the assumptions that market participants would use when pricing the asset or liability, assuming that market participants act in their economic best interest. A fair value measurement of a non-financial asset takes into account a market participant's ability to generate economic benefits by using the asset in its highest and best use or by selling it to another market participant that would use the asset in its highest and best use. The Company uses valuation techniques that are appropriate in the circumstances and for which sufficient data are available to measure fair value, maximising the use of relevant observable inputs and minimising the use of unobservable inputs. In order to show how fair values have been derived, financial instruments are classified based on a hierarchy of valuation techniques, as summarised below:

- Level 1 financial instruments – Those where the inputs used in the valuation are unadjusted quoted prices from active markets for identical assets or liabilities that the Company has access to at the measurement date. The Company considers markets as active only if there are sufficient trading activities with regards to the volume and liquidity of the identical

EAAA Pte. Limited
(Formerly Edelweiss Alternative Asset Advisors Pte. Limited)

Annexure V – Material Accounting Policies and Other Explanatory Notes to the
Restated Financial Statements (Continued)

(Currency: Indian Rupees)

assets or liabilities and when there are binding and exercisable price quotes available on the balance sheet date.

- Level 2 financial instruments—Those where the inputs that are used for valuation and are significant, are derived from directly or indirectly observable market data available over the entire period of the instrument’s life.
- Level 3 financial instruments –Those that include one or more unobservable input that is significant to the measurement as whole. For assets and liabilities that are recognised in the financial statements on a recurring basis, the Company determines whether transfers have occurred between levels in the hierarchy by re-assessing categorization (based on the lowest level input that is significant to the fair value measurement as a whole) at the end of each reporting period. The Company periodically reviews its valuation techniques including the adopted methodologies and model calibrations.

Therefore, the Company applies various techniques to estimate the credit risk associated with its financial instruments measured at fair value, which include a portfolio-based approach that estimates the expected net exposure per counterparty over the full lifetime of the individual assets, in order to reflect the credit risk of the individual counterparties for non-collateralised financial instruments.

The Company evaluates the levelling at each reporting period on an instrument-by-instrument basis and reclassifies instruments when necessary, based on the facts at the end of the reporting period.

4.9 Revenue from contract with customer

Revenue (other than for those items to which Ind AS 109 Financial Instruments are applicable) is measured at transaction price i.e. the amount of consideration to which the Company expects to be entitled in exchange for transferring promised goods or services to the customer, excluding amounts collected on behalf of third parties. The Company consider the terms of the contract and its customary business practices to determine the transaction price. Where the consideration promised is variable, the Company excludes the estimates of variable consideration that are constrained. Ind AS 115 Revenue from contracts with customers outlines a single comprehensive model of accounting for revenue arising from contracts with customers.

Revenue from fund management services is recognised over the tenure in accordance with the terms and conditions of the investment management agreement between the Company and the Fund for which the Company acts as a fund manager.

EAAA Pte. Limited
(Formerly Edelweiss Alternative Asset Advisors Pte. Limited)

Annexure V – Material Accounting Policies and Other Explanatory Notes to the
Restated Financial Statements (Continued)

(Currency: Indian Rupees)

4.10 Operating leases

Operating lease payments are recognized as an expense in the statement of profit and loss on a straight-line basis over the lease term, in which case lease payments are recognized based on contractual terms. Contingent rental payable is recognized as an expense in the period in which it is incurred

4.11 Earnings per share

Basic earnings per share is computed by dividing the net profit after tax attributable to the equity shareholders for the year by the weighted average number of equity shares outstanding for the year.

Diluted earnings per share reflect the potential dilution that could occur if securities or other contracts to issue equity shares were exercised or converted during the year. Diluted earnings per share is computed by dividing the net profit after tax attributable to the equity shareholders for the year by weighted average number of equity shares considered for deriving basic earnings per share and weighted average number of equity shares that could have been issued upon conversion of all potential equity shares.

4.12 Foreign currency transactions

Transactions in foreign currencies other than functional currency are recognised at the rates of exchange prevailing at the dates of the transactions. At the end of each reporting period, monetary items denominated in foreign currencies are retranslated at the rates prevailing at that date. Non-monetary items carried at fair value that are denominated in foreign currencies are retranslated at the rates prevailing at the date when the fair value was determined. Non-monetary items that are measured in terms of historical cost in a foreign currency are not retranslated.

Exchange differences on monetary items are recognised in profit or loss in the period in which they arise.

4.13 Retirement and other employee benefit

The accounting policy followed by the company in respect of its employee benefit schemes in accordance with Singapore FRS, which is also in accordance with Ind AS is set out below:

Compensated Absences

EAAA Pte. Limited
(Formerly Edelweiss Alternative Asset Advisors Pte. Limited)

Annexure V – Material Accounting Policies and Other Explanatory Notes to the
Restated Financial Statements (Continued)

(Currency: Indian Rupees)

The eligible employees of the Company are permitted to carry forward certain number of their annual leave entitlement to subsequent years, subject to a ceiling. The Company recognises the charge in the statement of profit and loss and corresponding liability on such non-vesting accumulated leave entitlement based on a valuation by an independent actuary. The cost of providing annual leave benefits is determined using the projected unit credit method.

The Company provides for the encashment of leave subject to rules. The liability is provided based on the number of days of unutilised leave at each balance sheet date based on a valuation by an independent actuary.

4.14 Share-based payment arrangements

Equity-settled share-based payments to employees and others providing similar services that are granted by the Ultimate Parent Company are measured by reference to the fair value of the equity instruments at the grant date.

The fair value determined at the grant date of the equity-settled share-based payments is expensed over the vesting period, based on the Company's estimate of equity instruments that will eventually vest, with a corresponding increase in equity. At the end of each reporting period, the Company revises its estimate of the number of equity instruments expected to vest. The impact of the revision of the original estimates, if any, is recognised in profit or loss such that the cumulative expense reflects the revised estimate, with a corresponding adjustment to the 'Share Option Reserve'. In cases where the share options granted vest in instalments over the vesting period, the Company treats each instalment as a separate grant, because each instalment has a different vesting period, and hence the fair value of each instalment differs.

4.15 Property, plant and equipment

Property plant and equipment is stated at cost excluding the costs of day-to-day servicing, less accumulated depreciation and accumulated impairment in value. Changes in the expected useful life are accounted for by changing the amortisation period or methodology, as appropriate, and treated as changes in accounting estimates.

Subsequent costs incurred on an item of property, plant and equipment is recognised in the carrying amount thereof when those costs meet the recognition criteria as mentioned above. Repairs and maintenance are recognised in profit or loss as incurred.

Depreciation is recognised so as to write off the cost of assets (other than freehold land and properties under construction) less their residual values over their useful lives. Depreciation is

EAAA Pte. Limited
(Formerly Edelweiss Alternative Asset Advisors Pte. Limited)

Annexure V – Material Accounting Policies and Other Explanatory Notes to the
Restated Financial Statements (Continued)

(Currency: Indian Rupees)

computed utilising the straight-line method to write off the cost of these assets over their estimated useful lives as follows:

Estimated useful lives of the assets are as follows:

Nature of assets	Estimated useful life
Furniture and fixtures	3 years
Office Equipment	3 years
Computers - End user devices, such as desktops, laptops, etc.	3 years

An item of property, plant and equipment is derecognised upon disposal or when no future economic benefits are expected to arise from the continued use of the asset. The carrying amount of those components which have been separately recognised as assets is derecognised at the time of replacement thereof. Any gain or loss arising on the disposal or retirement of an item of property, plant and equipment is determined as the difference between the sales proceeds and the carrying amount of the asset and is recognised in profit or loss.

The residual values, useful lives and methods of depreciation of property, plant and equipment are reviewed at each financial year end and adjusted prospectively, if appropriate

For transition to Ind AS, the Company has elected to continue with the carrying value of all of its property, plant and equipment recognised as of 1 April 2017 (transition date) measured as per the previous GAAP and use that carrying value as its deemed cost as of the transition date.

4.16 Intangible assets

The Company's intangible assets mainly include the value of computer software. An intangible asset is recognised only when its cost can be measured reliably and it is probable that the expected future economic benefits that are attributable to it will flow to the Company.

Intangible assets acquired separately are measured on initial recognition at cost. The cost of intangible assets acquired in a business combination is their fair value as at the date of acquisition. Following initial recognition, intangible assets are carried at cost less any accumulated amortisation and any accumulated impairment losses. Intangible assets with finite lives are amortised over the useful economic life.

The Software is amortised over a period of 3 years.

EAAA Pte. Limited
(Formerly Edelweiss Alternative Asset Advisors Pte. Limited)

Annexure V – Material Accounting Policies and Other Explanatory Notes to the Restated Financial Statements (Continued)

(Currency: Indian Rupees)

4.17 Impairment of non-financial assets

The Company assesses at each balance sheet date whether there is any indication that an asset may be impaired based on internal/external factors. If any such indication exists, the Company estimates the recoverable amount of the asset. If such recoverable amount of the asset or the recoverable amount of cash generating unit which the asset belongs to is less than its carrying amount, the carrying amount is reduced to its recoverable amount. The reduction is treated as an impairment loss and is recognized in the statement of profit and loss. If at the balance sheet date there is an indication that a previously assessed impairment loss no longer exists, the recoverable amount is reassessed and the asset is reflected at the recoverable amount subject to a maximum of the depreciable historical cost.

4.18 Cash and cash equivalents

Cash and cash equivalent in the balance sheet comprise cash at banks and on hand and short-term deposits with an original maturity of three months or less.

4.19 Provisions and other contingent liabilities

Provisions are recognised when the Company has a present obligation (legal or constructive) as a result of a past event, it is probable that the Company will be required to settle the obligation, and a reliable estimate can be made of the amount of the obligation. The amount recognised as a provision is the best estimate of the consideration required to settle the present obligation at the end of the reporting period, taking into account the risks and uncertainties surrounding the obligation. Where the probability of outflow is considered to be remote, or probable, but a reliable estimate cannot be made, a contingent liability is disclosed. Given the subjectivity and uncertainty of determining the probability and amount of losses, the Company takes into account a number of factors including legal advice, the stage of the matter and historical evidence from similar incidents.

4.20 Income tax expenses

Income tax expense represents the sum of the tax currently payable and deferred tax.

4.20.1 Current tax

The tax currently payable is based on taxable profit for the year. Taxable profit differs from 'profit before tax' as reported in the statement of profit and loss because of items of income or expense that are taxable or deductible in other years and items that are never taxable or

EAAA Pte. Limited
(Formerly Edelweiss Alternative Asset Advisors Pte. Limited)

Annexure V – Material Accounting Policies and Other Explanatory Notes to the
Restated Financial Statements (Continued)

(Currency: Indian Rupees)

deductible. The Company's current tax is calculated using tax rates that have been enacted or substantively enacted by the end of the reporting period.

4.20.2 Deferred tax

Deferred tax is recognised on temporary differences between the carrying amounts of assets and liabilities in the financial statements and the corresponding tax bases used in the computation of taxable profit. Deferred tax liabilities are generally recognised for all taxable temporary differences. Deferred tax assets are generally recognised for all deductible temporary differences to the extent that it is probable that taxable profits will be available against which those deductible temporary differences can be utilised.

Deferred tax assets are also recognised with respect to carryforward of unused tax losses and unused tax credits to the extent that it is probable that future taxable profit will be available against which the unused tax losses and unused tax credits can be utilised.

It is probable that taxable profit will be available against which a deductible temporary difference, unused tax loss or unused tax credit can be utilised when there are sufficient taxable temporary differences which are expected to reverse in the period of reversal of deductible temporary difference or in periods in which a tax loss can be carried forward or back. When this is not the case, deferred tax asset is recognised to the extent it is probable that:

- the entity will have sufficient taxable profit in the same period as reversal of deductible temporary difference or periods in which a tax loss can be carried forward or back; or
- tax planning opportunities are available that will create taxable profit in appropriate periods.

The carrying amount of deferred tax assets is reviewed at the end of each reporting period and reduced to the extent that it is no longer probable that sufficient taxable profits will be available to allow all or part of the asset to be recovered.

Deferred tax liabilities and assets are measured at the tax rates that are expected to apply in the period in which the liability is settled or the asset realised, based on tax rates (and tax laws) that have been enacted or substantively enacted by the end of the reporting period.

The measurement of deferred tax liabilities and assets reflects the tax consequences that would follow from the manner in which the Company expects, at the end of the reporting period, to recover or settle the carrying amount of its assets and liabilities.

EAAA Pte. Limited
(Formerly Edelweiss Alternative Asset Advisors Pte. Limited)

Annexure V – Material Accounting Policies and Other Explanatory Notes to the
Restated Financial Statements (Continued)

(Currency: Indian Rupees)

4.20.3 Current and deferred tax for the year

Current and deferred tax are recognised in profit or loss, except when they relate to items that are recognised in other comprehensive income or directly in equity, in which case, the current and deferred tax are also recognised in other comprehensive income or directly in equity respectively.

4.21 Contract Asset

The Company recognises incremental costs of obtaining a contract with a customer as an asset, if it expects to recover these costs.

5. Critical accounting judgements and key sources of estimation uncertainty

In the application of the Company's accounting policies, which are described in note 4, the management is required to make judgements, estimates and assumptions about the carrying amounts of assets and liabilities that are not readily apparent from other sources. The estimates and associated assumptions are based on historical experience and other factors that are considered to be relevant. Actual results may differ from these estimates.

The estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognised in the period in which the estimate is revised if the revision affects only that period, or in the period of the revision and future periods if the revision affects both current and future periods.

5.1 Critical judgements in applying accounting policies

The following are the critical judgements, apart from those involving estimations that the management has made in the process of applying the Company's accounting policies and that have the most significant effect on the amounts recognised in the Financial Statements.

5.1.1 Business model assessment

Classification and measurement of financial assets depends on the results of the SPPI and the business model test. The Company determines the business model at a level that reflects how groups of financial assets are managed together to achieve a particular business objective. This assessment includes judgement reflecting all relevant evidence including how the performance of the assets is evaluated and their performance is measured, the risks that affect the performance of the assets and how these are managed and how the managers of the assets are compensated. The Company monitors financial assets measured at amortised cost that are derecognised prior to their maturity to understand the quantum, the reason for their disposal and whether the reasons are consistent with the objective of the business for which the asset

EAAA Pte. Limited
(Formerly Edelweiss Alternative Asset Advisors Pte. Limited)

Annexure V – Material Accounting Policies and Other Explanatory Notes to the
Restated Financial Statements (Continued)

(Currency: Indian Rupees)

was held. Monitoring is part of the Company's continuous assessment of whether the business model for which the remaining financial assets are held continues to be appropriate and if it is not appropriate whether there has been a change in business model and so a prospective change to the classification of those assets.

5.1.2 Significant increase in credit risk

ECL is measured as an allowance equal to 12-month ECL for stage 1 assets, or lifetime ECL for stage 2 or stage 3 assets. An asset moves to stage 2 when its credit risk has increased significantly since initial recognition. Ind AS 109 does not define what constitutes a significant increase in credit risk. In assessing whether the credit risk of an asset has significantly increased the Company takes into account qualitative and quantitative reasonable and supportable forward-looking information.

5.1.3 Consolidation of structured entities

A structured entity is an entity that has been designed so that voting or similar rights are not the dominant factor in deciding who controls the entity, such as when any voting rights relate to administrative tasks only and the relevant activities are directed by means of contractual arrangements. In the context of the Company, structured entities comprise Private Funds and alternative investment funds managed by it. The Company consolidates the structured entities that it controls. When making this judgement, the Company also considers voting and similar rights available to itself and other parties, who may limit the Company's ability to control, including rights to appoint, reassign or remove members of the structured entity's key management personnel who have the ability to direct the relevant activities, the exposure to variability of returns and whether the Company has the ability to use its power to affect the amount of the Company's returns i.e. the variability of returns in relation to the total returns of the investee entity. For disclosures of unconsolidated structured entities, refer Note 41.

5.2 Key sources of estimation uncertainty

The following are the key assumptions concerning the future, and other key sources of estimation uncertainty at the end of the reporting period that may have a significant risk of causing a material adjustment to the carrying amounts of assets and liabilities within the next financial year, as described below. The Company based its assumptions and estimates on parameters available when the Financial Statements were prepared. Existing circumstances and assumptions about future developments, however, may change due to market changes or circumstances arising that are beyond the control of the Company. Such changes are reflected in the assumptions when they occur.

EAAA Pte. Limited
(Formerly Edelweiss Alternative Asset Advisors Pte. Limited)

Annexure V – Material Accounting Policies and Other Explanatory Notes to the
Restated Financial Statements (Continued)

(Currency: Indian Rupees)

5.2.1 Fair value of financial instruments

The fair value of financial instruments is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction in the principal (or most advantageous) market at the measurement date under current market conditions (i.e., an exit price) regardless of whether that price is directly observable or estimated using another valuation technique. When the fair values of financial assets and financial liabilities recorded in the balance sheet cannot be derived from active markets, they are determined using a variety of valuation techniques that include the use of valuation models. The inputs to these models are taken from observable markets where possible, but where this is not feasible, estimation is required in establishing fair values. Judgements and estimates include considerations of liquidity and model inputs related to items such as credit risk (both own and counterparty), funding value adjustments, correlation and volatility.

5.2.2 Impairment of financial assets

The measurement of impairment losses across all categories of financial assets requires judgement, in particular, the estimation of the amount and timing of future cash flows and collateral values when determining impairment losses and the assessment of a significant increase in credit risk. These estimates are driven by a number of factors, changes in which can result in different levels of allowances.

The Company's ECL calculations are outputs of models with a number of underlying assumptions regarding the choice of variable inputs and their interdependencies. Elements of the ECL models that are considered accounting judgements and estimates include:

- Probabilities of defaults (PDs) the calculation of which includes historical data, assumptions and expectations of future conditions.
- The Company's criteria for assessing if there has been a significant increase in credit risk and so allowances for financial assets should be measured on a life-time expected credit loss model basis and the qualitative assessment
- The segmentation of financial assets when their ECL is assessed on a collective basis
- Development of ECL models, including the various formulas and the choice of inputs
- Determination of associations between macroeconomic scenarios and, economic inputs, such as unemployment levels and collateral values, and the effect on PDs, exposure at defaults and loss given defaults (LGDs)
- Selection of forward-looking macroeconomic scenarios and their probability weightings, to derive the economic inputs into the ECL models

It is Company's policy to regularly review its models in the context of actual loss experience and adjust when necessary.

EAAA Pte. Limited
(Formerly Edelweiss Alternative Asset Advisors Pte. Limited)

Annexure V – Material Accounting Policies and Other Explanatory Notes to the Restated Financial Statements (Continued)

(Currency: Indian Rupees)

5.2.3 Effective interest rate method

The Company's EIR methodology, as explained in Note 4.1, recognises interest income / expense using a rate of return that represents the best estimate of a constant rate of return over the expected behavioural life of loans given / taken and recognises the effect of characteristics of the product life cycle

This estimation, by nature, requires an element of judgement regarding the expected behaviour and life-cycle of the instruments, as well expected changes fee income/expense that are integral parts of the instrument.

5.2.4 Accounting for deferred taxes

Deferred tax assets are recognised for unused tax losses to the extent that it is probable that taxable profit will be available against which the losses can be utilised. Significant management judgement is required to determine the amount of deferred tax assets that can be recognised, based upon the likely timing and the level of future taxable profits together with future tax planning strategies.

The Company has recognised deferred tax assets on carried forward tax losses with respect to certain subsidiaries where the Company believes that the said deferred tax assets shall be recoverable based on the estimated future taxable income which in turn is based on approved business plans and budgets. The losses are allowed to be carried forward to the years in which the Company expects that there will be sufficient taxable profits to offset these losses.

EAAA Pte. Limited
(Formerly known as Edelweiss Alternative Asset Advisors Pte. Limited)

Annexure VI -Statement of Material Adjustments and Regroupings
(Currency: Indian rupees in lakhs)

Statement of adjustments to audited financial statements

The accounting policies applied as at and for each of the years ended March 31, 2024, March 31, 2023, and March 31, 2022 are consistent with those adopted in the preparation of financial statements for the period ended September 30, 2024.

Material Restatement Adjustments:

These Restated Summary Information have been compiled from the Statutory Financial Statements and

- (a) there were no changes in accounting policies during the years of these financial statements
- (b) there were no material amounts which have been adjusted for in arriving at profit/ loss of the respective years; and
- (c) there were no material adjustments for reclassification of the corresponding items of income, expenses, assets and liabilities, in order to bring them in line with the groupings as per the Statutory Financial Statements and the requirements of the SEBI Regulations.

Part A - Reconciliation of total equity as per audited financial statements with total equity as per Restated Financial Information

Summarised below are the restatement adjustments made to the total equity as per the audited financial statements as at September 30, 2024, March 31, 2024, March 31, 2023 and March 31, 2022:

Particulars	As at September 30, 2024	As at March 31, 2024	As at March 31, 2023	As at March 31, 2022
Total equity (as per audited financial statements)	38,278.36	36,093.84	29,868.41	5,107.93
Restatement Adjustments				
(i) Audit qualifications	-	-	-	-
(ii) Adjustments due to change in accounting policy / prior period items / other adjustments	-	-	-	-
(iii) Deferred tax impact on adjustments in (i) and (ii), as applicable	-	-	-	-
Total adjustments (i+ ii+ iii)	-	-	-	-
Total Equity as per restated summary information of assets and liabilities	38,278.36	36,093.84	29,868.41	5,107.93

Part B - Reconciliation of total comprehensive income as per audited financial statements with total comprehensive income as per Restated Financial Information

Summarised below are the restatement adjustments made to total comprehensive income as per the audited financial statements for the period ended September 30, 2024, March 31, 2024, March 31, 2023 and March 31, 2022.

Particulars	For the year ended	For the year ended	For the year ended	For the year ended
Total comprehensive income as per audited Financial statements	2184.52	6225.43	24746.29	343.93
Restatement Adjustments				
(i) Audit qualifications	-	-	-	-
(ii) Adjustments due to change in accounting policy / prior period items / other adjustments	-	-	-	-
(iii) Deferred tax impact on adjustments in (i) and (ii), as applicable	-	-	-	-
Total adjustments (i+ ii+ iii)	-	-	-	-
Total comprehensive income as per Restated Summary Information of Profit and Loss	2184.52	6225.43	24,746.29	343.93

Part C - Material regroupings

Appropriate re-groupings have been made in the Restated Summary Statement of Assets and Liabilities, Restated Summary Statements of Profit and Loss and Restated Summary Statement of cash flows, wherever required, by reclassification of the corresponding items of income, expenses, assets, liabilities and cash flows, in order to bring them in line with the accounting policies and classification as per the Ind AS financial information of the Company for the financial period ended September 30, 2024 prepared in accordance with amendment to Schedule III of Companies Act, 2013, requirements of Ind AS 1 and other applicable Ind AS principles and the requirements of the Securities and Exchange Board of India (Issue of Capital & Disclosure Requirements) Regulations, 2018, as amended.

Part D - Others non-adjusting items

(i). Emphasis of matters not requiring adjustments to Restated Financial Information for the period ended 30 September 2024:

We draw attention to Note 2 to the special purpose interim financial statements, which describe the basis of accounting. The special purpose interim financial statements have been prepared by the Company for the purpose of preparation of the Restated Financial Statement of the Company and for the purpose of preparation of Restated Consolidated Financial Statement of the EAAA India Alternatives Limited (formerly known as Edelweiss Alternative Asset Advisors Limited) ('Immediate Holding Company' or 'EAAAL').

There are no Emphasis of matters in auditor's report for the year ended 31 March 2024, 31 March 2023 and 31 March 2022.

40 Capital management

The Company's objective when managing capital is to ensure that the Company is adequately capitalised. This is achieved by obtaining funding from its holding corporation when necessary.

The Company defines "capital" as including all components of equity. The Company's capital structure is regularly reviewed and managed with due regard to the capital management practices of the group to which the Company belongs.

There were no changes in the Company's approach to capital management during the year.

The Company is required to maintain a base capital of Singapore Dollars (SGD) 250,000 with respect to the licensing requirement imposed by the Monetary Authority of Singapore, pursuant to the Securities and Futures (Financial and Margin Requirements for Holders of Capital Markets Services Licenses) Regulations 2002.

41 Fair Value measurement

Fair value information of the financial assets and liabilities not measured at fair value has not been presented as the carrying amount is a reasonable approximation of the fair value due to their short term nature

41.1 Assets and liabilities by fair value hierarchy

The following table shows an analysis of financial instruments recorded at fair value by level of the fair value hierarchy

Particulars	30 September 2024			
	Level 1	Level 2	Level 3	Total

Particulars	31 March 2023			
	Level 1	Level 2	Level 3	Total
Variable additional return	-	-	37,011.08	37,011.08
Total financial assets measured at fair value on a recurring basis	-	-	37,011.08	37,011.08

Particulars	31 March 2022			
	Level 1	Level 2	Level 3	Total
Variable additional return	-	-	4.86	4.86
Total financial assets measured at fair value on a recurring basis	-	-	4.86	4.86

Fair valuation Technique

The Company record additional return based on fund NAV and waterfall mechanisms based on Limited Partnership Agreements (LPAs). Fund NAV is determined in accordance with fair value of the assets. MTM gain/loss takes care of impairment on any assets, if any as at the reporting dates. Hence, it minimizes uncertainty of claw back, if any.

42 Risk Management

The Company's risk management policies are established to identify and analyse the risks faced by the Company, to set appropriate risk limits and controls, and to monitor risks and adherence to limits. Risk management policies and systems are reviewed regularly to reflect changes in market conditions and the Company's activities. The Company, through its training and management standards and procedures, aims to develop a disciplined and constructive control environment in which all employees understand their roles and obligations.

42.1 Credit Risk

Credit risk is the risk that one party to a financial instrument will fail to discharge an obligation and cause the other party to incur a financial loss.

The carrying amounts of financial assets in the statement of financial position represent the Company's maximum exposure to credit risk, before taking into account any collateral held. The Company does not hold any collateral in respect of their financial assets.

At the reporting date, there was no significant concentration of credit risk. The maximum credit risk is represented by the carrying amount of each financial asset in the statement of financial position.

The Company's cash and cash equivalents are held with reputed financial institutions. Trade receivables largely comprise of receivables from Funds managed by itself. Loans comprises of loans given to its group Company.

42.1.1 Analysis of risk concentration

The Company primarily operates in financial services industry. Following table shows the risk concentration by the industry for the components of the balance sheet

Particulars	30 September 2024	31 March 2024	31 March 2023	31 March 2022
Financial assets				
Cash and cash equivalent and other bank balances	1,365.38	249.10	1,666.67	795.21
Trade receivables	1,365.75	1,832.77	466.00	1,003.84
Investments	56,645.39	50,867.85	37,011.08	4.86
Loans	-	-	1,533.69	1,423.11
Other financial assets	92.23	405.20	303.02	109.05
Total	59,468.75	53,354.92	40,980.46	3,336.08

Others

Particulars	30 September 2024	31 March 2024	31 March 2023	31 March 2022
Financial assets				
Other financial assets	0.29	0.27	0.27	0.25
Total	0.29	0.27	0.27	0.25

42.1.2 Collateral held and other credit enhancements

The table below shows the maximum exposure to credit risk by class of financial asset. The carrying amounts of financial assets represent the Company's maximum exposure to credit risk, before taking into account any collateral held.

Maximum exposure to credit risk

Particulars	30 September 2024	31 March 2024	31 March 2023	31 March 2022
Financial assets				
Cash and cash equivalent and other bank balances	1,365.38	249.10	1,666.67	795.21
Loans	-	-	1,533.69	1,423.11
Trade receivables	1,365.75	1,832.77	466.00	1,003.84
Investments	56,645.39	50,867.85	37,011.08	4.86
Total financial assets at amortised cost	59,376.52	52,949.72	40,677.44	3,227.03

42 Risk Management (continued)

42.2 Liquidity risk and funding management

Liquidity or funding risk is the risk that an enterprise will encounter difficulty in raising funds to meet commitments associated with financial instruments. Liquidity risk may result from an inability to sell a financial asset quickly at close to its fair value. The table below summarises the maturity profile of the Company's financial liabilities at the end of the reporting period based on contractual undiscounted payments.

42.2.1 Analysis of financial liabilities and financial assets by remaining contractual maturities

A. Analysis of non-derivative financial liabilities by remaining contractual maturities

42 Risk Management (continued)

42.3 Market risk

Market risk is the risk that the fair value or future cash flows of financial instruments will fluctuate due to changes in market variables such as interest rates, foreign exchange rates and equity prices. The Company classifies exposures to market risk into either trading or non-trading portfolios

42.3.2 (i) Interest rate risk

The Company is not exposed to interest rate risk for period ended 30 September 2024; the Deposits with bank is at fixed rate of interest

30 September 2024						
Currency of advances	Increase in basis points	Effect on profit before tax	Effect on Equity	Decrease in basis points	Effect on profit before tax	Effect on Equity
USD	25	-	-	25	-	-

31 March 2024						
Currency of advances	Increase in basis points	Effect on profit before tax	Effect on Equity	Decrease in basis points	Effect on profit before tax	Effect on Equity
USD	25	-	-	25	-	-

31 March 2023						
Currency of advances	Increase in basis points	Effect on profit before tax	Effect on Equity	Decrease in basis points	Effect on profit before tax	Effect on Equity
USD	25	3.81	-	25	(3.81)	-

31 March 2022						
Currency of advances	Increase in basis points	Effect on profit before tax	Effect on Equity	Decrease in basis points	Effect on profit before tax	Effect on Equity
USD	25	3.52	-	25	(3.52)	-

Interest rate risk arises from the possibility that changes in interest rates will affect future cash flows or the fair values of financial instruments.

(ii) Currency risk

Currency risk is the risk that the value of a financial instrument will fluctuate due to changes in foreign exchange rates. Foreign currency risk arise majorly on account of foreign currency borrowings.

The table below indicates the currencies to which the Company had significant exposure at the end of the reported periods. The analysis calculates the effect of a reasonably possible movement of the currency rate against the INR (all other variables being constant) on the statement of profit and loss (due to the fair value of currency sensitive non-trading monetary assets and liabilities) and equity (due to the change in fair value of currency swaps and forward foreign exchange contracts used as cash flow hedges).

30 September 2024						
Currency	Increase in currency rate (%)	Effect on profit before tax	Effect on Equity	Decrease in currency rate (%)	Effect on profit before tax	Effect on Equity
USD	5	1,604.15	-	5	(1,604.15)	-

31 March 2024						
Currency	Increase in currency rate (%)	Effect on profit before tax	Effect on Equity	Decrease in currency rate (%)	Effect on profit before tax	Effect on Equity
USD	5	1,487.47	-	5	(1,487.47)	-

31 March 2023						
Currency	Increase in currency rate (%)	Effect on profit before tax	Effect on Equity	Decrease in currency rate (%)	Effect on profit before tax	Effect on Equity
USD	5	1,068.27	-	5	(1,068.27)	-

31 March 2022						
Currency	Increase in currency rate (%)	Effect on profit before tax	Effect on Equity	Decrease in currency rate (%)	Effect on profit before tax	Effect on Equity
USD	5	(92.24)	-	5	92.24	-

42.4 Fair values of financial instruments (continued)

Unobservable inputs used in measuring fair value categorised within Level 3 :

Following tables set out information about significant unobservable inputs used at respective balance sheet dates in measuring financial instruments categorised as Level 3 in the fair value hierarchy:

Type of financial instruments	Fair value of asset as on 30 September 2024	Valuation techniques	Significant unobservable input	Range of estimates (weighted-average) for unobservable input	Increase in the unobservable input (% or as the case may be)	Change in fair value	Decrease in the unobservable input (% or as the case may be)	Change in fair value
Variable additional return	49,132.47	Net assets approach	Fair value of underlying investments	NA	5%	2,200.75	5%	(2,200.75)
Total	49,132.47					2,200.75		(2,200.75)
Type of financial instruments	Fair value of asset as on 31 March 2024	Valuation techniques	Significant unobservable input	Range of estimates (weighted-average) for unobservable input	Increase in the unobservable input (% or as the case may be)	Change in fair value	Decrease in the unobservable input (% or as the case may be)	Change in fair value
Variable additional return	46,620.43	Net assets approach	Fair value of underlying investments	NA	5%	2,965.78	5%	(2,963.38)
Total	46,620.43					2,965.78		(2,963.38)
Type of financial instruments	Fair value of asset as on 31 March 2023	Valuation techniques	Significant unobservable input	Range of estimates (weighted-average) for unobservable input	Increase in the unobservable input (% or as the case may be)	Change in fair value	Decrease in the unobservable input (% or as the case may be)	Change in fair value
Variable additional return	37,011.08	Net assets approach	Fair value of underlying investments	NA	5%	4,176.99	5%	(4,206.04)
Total	37,011.08					4,176.99		(4,206.04)
Type of financial instruments	Fair value of asset as on 31 March 2022	Valuation techniques	Significant unobservable input	Range of estimates (weighted-average) for unobservable input	Increase in the unobservable input (% or as the case may be)	Change in fair value	Decrease in the unobservable input (% or as the case may be)	Change in fair value
Variable additional return	4.86	Net assets approach	Fair value of underlying investments	NA	5%	0.24	5%	(0.24)
Total	4.86					0.24		(0.24)
